### The 4th Annual LION Winter Global Videoconference Broadcast

Wednesday, December 14th, 2011  
 (Timing: GMT+1)  
 Organized by the LION Foundation

The 4th LION Winter Videoconference will focus on Stapes Surgery (Otosclerosis, Tympanosclerosis and Osteogenesis Imperfecta). Various indications and surgical techniques will be discussed by combining case presentation, live surgery, instruction courses and panel discussion. Various techniques will be demonstrated using different types of stapes prostheses. Difficult cases such as obliterative otosclerosis, simultaneous malleus ankylosis and dehiscent VIIIth nerve will be discussed and/or demonstrated. You can follow this event via the LION website and interact with the surgeons, instructors and moderators by e-mail, skype or chat room. Final program with complete case presentation will be available online. We look forward to your participation in this global event of Quality Continuing Medical Education through videoconferencing technology.
